

Low Maintenance Electric Metal Steel Melting Furnace Low Noise

Our Product Introduction

for more products please visit us on melt-furnaces.com

Basic Information

- Place of Origin: China
- Brand Name: Huarui
- Certification: patent : national testing report; quality management system
- Model Number: to be customized
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: water proof
- Delivery Time: 30~45 days
- Payment Terms: T/T; L/C
- Supply Ability: 1000000 sets

Product Specification

- Failure: Low
- Maintenance: Low
- Melting Speed: Quick
- Advantage: High Power Saving
- Durability: High
- Safety: Complete And Reliable
- Noise: Low
- Highlight: **Steel Melting Furnace High Durability,
Steel Melting Furnace Low Noise,
Durable Metal Melting Machine**

Product Description

Product Description:

The steel induction melting furnace is a durable and reliable electric induction furnace specifically designed for melting steel. It features high durability and low maintenance requirements, providing quick and efficient melting speeds with low noise levels and low failure rates. This sophisticated steel induction melting furnace utilizes advanced electric induction technology to ensure that steel melting is executed with precision and accuracy. With its low noise and low failure rates, the steel induction melting furnace is the ideal tool for both professionals and amateurs to effectively melt and process steel with ease.

Features:

Steel Melting Furnace

Low Noise
High Durability
Complete and Reliable Safety
High Power Saving Advantage
Quick Melting Speed

Steel Induction Melting Furnace

Low Noise
High Durability
Complete and Reliable Safety
High Power Saving Advantage
Quick Melting Speed

Induction Melting Furnace for Steel

Low Noise
High Durability
Complete and Reliable Safety
High Power Saving Advantage
Quick Melting Speed

Technical Parameters:

Induction melting furnace power supply, thyristor type serial-connected resonance medium frequency type, (8 tons), as for other data of other capacity (tons), please check other pages in our this website.

Characteristic	Description
Type	GW8.0-4800-0.3S
Rated capacity (T)	8.0
Rated power (KW)	4800
rated frequency (HZ)	300
power supply (V)	575x4
inlet current (A)	1200x4
medium frequency voltage (V)	2800
load type	One power supply cabinet drives one induction furnace
adapted transformer (KVA)	5000

Applications:

Huarui steel melting furnace is a perfect choice for those who need melting of steel at a high speed. It is a national patent product with a national testing report and quality management system certification. The product is water proof and can be delivered in 30 to 45 days after purchase. The payment terms include T/T and L/C, and the supply ability is up to 1000000 sets. The maintenance of this furnace is low,

and its melting speed is quick. It is energy saving and highly durable, ensuring complete and reliable safety. It is perfect for melting steel with induction. Furthermore, Huarui steel melting furnace has a competitive price and is customizable according to customer needs.

Customization:

Customized Steel Melting Furnace From Huarui

Brand Name: Huarui

Model Number: to be customized

Place of Origin: China

Certification: patent : national testing report; quality management system

Minimum Order Quantity: 1

Price: to be negotiated

Packaging Details: water proof

Delivery Time: 30~45 days

Payment Terms: T/T; L/C

Supply Ability: 1000000 sets

Noise: Low

Advantage: High Power Saving

Maintenance: Low

Melting Speed: Quick

Durability: High

Our steel induction melting furnace is the perfect choice for melting steel. With low noise, high power saving, low maintenance, quick melting speed and high durability, our steel induction melting furnace is the most reliable choice for those in the steel industry. We have a patent, national testing report and quality management system certificate to guarantee our products are of the highest quality. Order now and we will deliver within 30~45 days.

Support and Services:

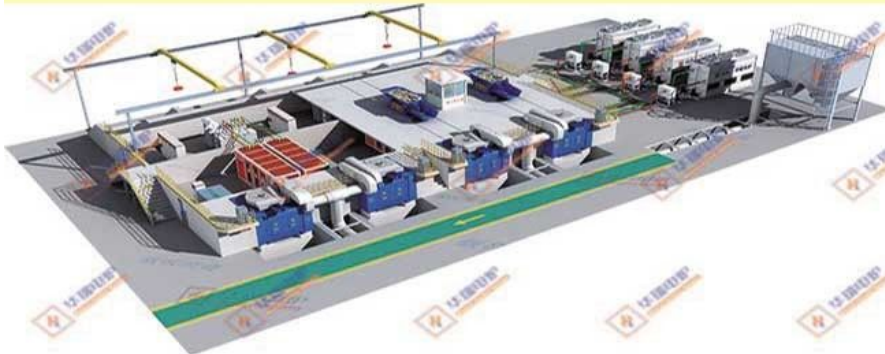

Steel Melting Furnace Technical Support and Service

We offer comprehensive technical support and service for our Steel Melting Furnaces. Our team of experienced professionals are available to assist with troubleshooting or repairs, as needed. We also provide preventative maintenance services to ensure your equipment is operating at peak performance.

We offer technical support via phone 24 hours a day, 7 days a week. If you experience any difficulties with your Steel Melting Furnace, our team is available to provide assistance.

We also have service technicians who can travel to you to provide on-site repairs or maintenance. We use only the highest quality replacement parts to ensure your equipment is running properly.

Our goal is to help you keep your Steel Melting Furnace running at the highest level of efficiency. If you have any questions or need assistance, please don't hesitate to contact us.
